

RESIDENTIAL WATER METER EQUIPMENT REPLACEMENT COSTS FOR CUSTOMERS

The following equipment is available for purchase at the Authority office at the sale prices listed below. Equipment costs are subject to change annually based on the sale price provided by the Authority's equipment vendor.

Customer/Property Owner is responsible for the maintenance and repair (includes all initial installation, material, and replacement costs) of any and all components of a privately owned water service line. Customer/Property Owner is responsible for all costs with complying with the Authority's Rules and Regulations.

*The Meter and Meter Transceiver Unit (MXU) is repaired and replaced by the Authority at no charge to customers; provided, however, any damage or neglect caused by Owner or Owner's agent shall be repaired or replaced at Owner's sole cost and expense

3/4" LINE SETTER	\$ 275.00
3/4" PRESSURE REDUCING VALVE (PRV)	\$ 150.00
*3/4" METER	\$ 190.00
*MXU	\$ 205.00

Acceptable forms of payment include checks & money orders.
CASH IS NOT ACCEPTED.
